

Sir John Kennedy Dead.
MONTREAL, Oct. 26.—Sir John Kennedy, consulting engineer for the Montreal Harbor Commissioners, died here yesterday.

MOTHER!

Your Child's Bowels Need
"California Fig Syrup"

Hurry mother! Even a sick child loves the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good cleansing of the little bowels is often all that is necessary. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.—Advertisement.

COUNTRY FACING VERITABLE BEER BATH, DRY FEEL

Prohibition Forces Massing in
Congress to Stem Wholesale
Release of Beverage.

By W. H. ATKINS,
International News Service.

The Senate feud over beer will be renewed in a few days. Senate dries, incensed over the Treasury's action legalizing beer as a medicine, today massed for a new fight to pass the anti-beer bill.

The dries plan to push through the anti-beer bill, if possible, immediately after the passage of the pending tax bill. Apparently this will bring the anti-beer bill to the front next week. Senate leaders, who are championing beer as a medicine, confidently predicted today, however, that Administration leaders will not permit anti-beer legislation to block the entire legislative program. On this assumption they asserted the anti-beer bill will fail of passage.

Dry Chiefs Alarmed.

Prohibition leaders were fairly agitated today over the possible effects upon prohibition enforcement, of releasing a deluge of beer, ostensibly for medicinal uses.

Assistant Prohibition Commissioner Jones said today fifty brewers would seize the opportunity to manufacture and sell beer with a kick. All breweries now operating under

cereal permits, have on hand thousands of barrels of real beer, which has not been de-alcoholized, available for distribution to supply those druggists who are being besieged with doctor's prescriptions.

Prohibition agents reported today a tremendous demand upon druggists for beer, soon after the Treasury issued rules allowing manufacture and sale of malt liquors. Beer is most favored by doctors as a curative agent in certain ailments, although, the reports show a very large demand for ale and porter, of the pre-war alcoholic standard.

By the time the Senate may act, the country will have been given a beer bath. Nothing now can stop release of millions of gallons of real beer from the breweries, until the Senate acts finally and the President signs a bill interdicting beer. There still is a question whether the President would sign such a measure.

MAN, 105, LIKES RUM AND RAPS VOLSTEAD

BALTIMORE, Oct. 26.—Within a few days of his 105th birthday, Nicolas Hartman, 713 St. Peter street, affectionately known to his friends as "Uncle Nick," attributes his hearty old age to plenty of fresh air, liquor, and tobacco.

He is a hearty advocate of liquor and holds a personal grudge against Mr. Volstead.

This much more he said yesterday at the South Baltimore General Hospital, where he is a patient under the care of Dr. Wilkerson, the result of injuries suffered Sunday in an automobile accident.

"Uncle Nick" at the hospital has received visits from most of his fifteen great-grandchildren, fifteen great-grandchildren, twenty-five grandchildren, and five children. He insists that he will return home today and he will be ready for fishing just as soon as he can finish painting his new boat.

HARDING WRITES LETTER TO BABY NAMED FOR HIM

"Name Is a Good One, Do Not
Discredit It," He Tells
Youngster.

NORRISTOWN, Pa., Oct. 26.—Warren Harding is a good name, wrote the President of the United States to a baby named for him. The letter, made public today by the child's parents, Mr. and Mrs. Harry J. Hannaway, follows:

"My Dear Warren Harding—A friend of yours has just written to let me know that you have arrived in this world within a few days past and have demonstrated an early and appealing discretion by inducing your parents to give you a good name. I know it is a good name, because my father and mother gave it to me, and they were the best people I have known. I hope you will try as hard as I have to do nothing to discredit the name, for I know your father and mother—like me—would grieve if that should happen. You have arrived here in a mighty interesting time of the world and will have a chance to be a useful citizen.

"Please do your best to live up to all your possibilities in that direction. I wish I could hope to remain as you may, for this world is going to be an extremely interesting place during the time you are entitled to stay in it. Please give my kindest regards

to your father and mother and thank them for me for the compliment they have paid me in selecting the name for you.

"From your friend,
"WARREN G. HARDING."
